

Electric Convection Oven

XF 043
Domenica
4 600 x 400

Features:

- ◆ **Small with big Capacity;**
- ◆ **Very Competitive Price;**
- ◆ **Reliability**
The whole line has been properly designed with components able to work continuously for long times;
- ◆ **High Quality of Baking** by fan and chamber design studied to optimize the air flow;
- ◆ **Uniform Baking** at all points;
- ◆ **Safety**
 - The external glass remains cool thanks to an air space between the two glasses that compose the door (inner temp. 300°C—outer temp. 60°C);
 - The insulating material employed is characterized by extraordinary insulating features;
- ◆ **Hinges** are designed for optimum reliability and have been tested for more than 60,000 openings with perfect balancing and soft closing;
- ◆ **Stainless Steel Chamber** for maximum hygiene;
- ◆ **Manual Control Panel** (timer & temperature) with embedded knobs to protect them from impact;
- ◆ **Internal Light.**
